Lord Mayor's Foreword

I am delighted as Lord Mayor to provide a foreword to Cork City Council's Annual Report 2009.

When I assumed office my greatest wish was that Cork would be recognised as Ireland's second largest conurbation and not simply another large city on the island. I also felt that we should reconnect the schoolchildren of Cork with their musical heritage.

In participating in one of the most revered of Lord Mayoral traditions, the school visits, I presented each Primary School pupil with a card with the words of verses from two of Cork's most famous anthems – The Banks of my own Lovely Lee, and Beautiful City. We have a rich musical heritage and one which in the modern age can be forgotten. This is a way to help young and old alike reconnect with that heritage.

The people of Cork are resilient, adaptable and community focused. They make the city what it is. In the middle of November we had to deal with an unprecedented flooding crisis. The response of the people of Cork to the crisis was magnificent.

I would like to express my appreciation to my fellow councillors for their hard work and enthusiasm and to the City Manager and employees for their dedication and effort without which many achievements in the city could not have occurred during the year.

Cllr Dara Murphy

Lord Mayor of Cork

Réamhrá an Ardmhéara

Tá an-áthas orm mar Ardmhéara réamhrá a thabhairt ar Thuarascáil Bhliantúil 2009 Chomhairle Cathrach Chorcaí.

Nuair a chuaigh mé i mbun oifige, an mian ba mhó a bhí agam ná go n-aithneofar Corcaigh mar an dara comhchathair is mó in Éirinn agus ní mar chathair mhór eile san oileán. Bhraitheas chomh maith gur cheart dúinn páistí scoile Chorcaí a athcheangal lena gcuid oidhreachta ceoil.

Agus mé ag glacadh páirt i gceann de na traidisiúin is urramaí de chuid an Ardmhéara, is é sin cuairteanna scoile, thug mé cárta do gach dalta Bunscoile ar a raibh na focail ó rainn de dhá cheann de na haintiúin is cáiliúla i gCorcaigh— The Banks of my own Lovely Lee, agus Beautiful City. Tá oidhreacht cheoil saibhir againn, ceann a d'fhéadfaí dearmad a dhéanamh uirthi sa lá atá inniu ann. Is slí í seo inar féidir cabhrú le daoine, idir óg is aosta araon, athcheangal leis an oidhreacht sin.

Is cine acmhainneach, solúbtha atá dírithe ar an gcomhphobal iad muintir Chorcaí. Is de bharr na ndaoine sin atá an chathair mar atá. I lár mí na Samhna, bhí orainn déileáil le géarchéim tuilte ná bhfacthas riamh cheana. Thug muintir Chorcaí freagra iontach ar an ngéarchéim.

Ba mhaith liom buíochas a ghabháil leis na comhairleoirí uile as an obair chrua a dhéanann siad agus as a ndíograis agus le Bainisteoir agus fostaithe na Cathrach dá dtiomantas agus dá n-iarracht mar ní bhainfeadh an chathair amach an oiread céanna i rith na bliana dá n-uireasa.

An Comh. Dara Ó Murchú

Ardmhéara Chorcaí

City Manager's Foreword

Despite the economic difficulties which the country is experiencing, 2009 saw very welcome developments in the city. The opening of the new Opera Lane development during the year created a whole new retail precinct in the City Centre. It is a very fine development and positions Cork as a leading retail centre. Taken together with the official opening of the enlarged Dunne's Stores on St. Patrick's Street these developments have increased the retail accommodation of the City centre by 40% which is a very impressive happening.

Continuing with the enhancement of the public realm, the City Council commenced the renewal of Cornmarket Street which will be completed in 2010. Work commenced on the refurbishment of Christchurch and St. Luke's Church and the Council will see these two fine historic buildings as cultural and community centres next year.

In 2005 Cork secured the designation European Capital of Culture. In 2009 the city was rewarded with another accolade, this time from the Lonely Planet publication. It described Cork as "a city on top of its game –sophisticated, vibrant and diverse"- being one of the top ten cities in the world to visit in 2010. These are achievements which the city can build on and make Cork a top urban tourism destination.

On the planning front, the Council made its new City Development Plan for 2009-2015 and made significant progress on its planning for an enhanced public transport system and for the regeneration of the Docklands. Regeneration of housing estates continued at a steady pace with community facilities being provided in conjunction with refurbishment.

The month of November brought the worst flooding the city has seen in modern times. As a result of damage to the waterworks half of the city was without water for several days. The City Council dealt with this emergency in an exemplary manner with the fulsome support of the emergency services.

I would like to thank all Council employees for the way they have met with the challenge of providing services to the public with reduced financial and staff resources. The support of the Lord Mayor and councillors throughout the year was much appreciated.

Joe Gavin
City Manager

Réamhrá ó Bainisteoir na Cathrach

In ainneoin na deacrachtaí eacnamaíocha atá le feiceáil sa tír, cuireadh fáilte roimh fhorbairtí sa chathair i 2009. Le hoscailt na forbartha nua Lána an Árais Cheoldrámaíochta i rith na bliana, cruthaíodh ceantar miondíola nua i gCathair Chorcaí. Is forbairt an-mhaith í agus tá Corcaigh ina phríomh-ionad miondíola dá bharr. In éineacht le hoscailt oifigiúil Dunne's Stores forbartha ar Shráid Phádraig tá cóiríocht mhiondíola i lár na Cathrach méadaithe faoi 40%, forbairt an-suntasach.

Ag leanúint le feabhsú an fhearainn phoiblí, chuir an Chomhairle Cathrach tús le hathnuachan Sráid an Mhargaidh atá le críochnú i 2010. Thosaigh obair ar athchóiriú Theampaill Chríost agus Eaglais Lúcaís agus beidh an dá fhoirgneamh stairiúil seo ina n-ionaid chultúrtha agus chomhphobail don Chomhairle an bhliain seo chugainn.

I 2005 ainmníodh Corcaigh mar Phríomhchathair Chultúir na hEorpa. I 2009 bronnadh gradam eile ar an gcathair, ón bhfoilseachán Lonely Planet an uair seo. Rinneadh cur síos ar Chorcaigh ann mar “chathair i mbláth a saoil – sofaisticiúil, beoga agus ilghnéitheach”- agus cathair atá mar cheann den deich gcathair is fearr chun cuairt a thabhairt uirthi ar domhan i 2010. Is éachtaí iad seo ar féidir leis an gcathair cur leo i dtreo is go mbeidh Corcaigh mar cheann scríbe is fearr do thurasóireacht uirbeach.

Ó thaobh na pleanála de, rinne an Chomhairle a Phlean Forbartha Cathrach nua don tréimhse 2009-2015 agus rinneadh dul chun cinn suntasach maidir le pleanáil le haghaidh córas iompair phoiblí feabhsaithe agus atógáil na nDuganna. Leanadh ar aghaidh go réidh le hatógáil na n-eastát tithíochta le háiseánna comhphobail á sholáthar i dteannta le hathchóiriú.

I mí na Samhna tharla an tuile is measa a chonacthas sa chathair sa lá atá inniu ann. Mar thoradh an damáiste ar oibreacha uisce bhí leath den chathair gan uisce ar feadh roinnt laethanta. Dhéileáil an Chomhairle Cathrach leis an ngéarchéim seo go sármhaith le tacaíocht iomlán ó na seirbhísí éigeandála.

Ba mhaith liom buíochas a ghabháil le fostaithe uile na Comhairle as dul i ngleic leis an dúshlán um sheirbhísí a sholáthar don phobal le hacmhainní airgeadais agus foirne laghdaithe acu. Ba mhór tacaíocht an Ardmhéara agus na gcomhairleoirí i gcaitheamh na bliana.

City Architect's Department

Blackrock Community Centre

The City Architect's Department was engaged in 2008 by the Recreation Amenity and Culture Directorate to design a new Community Centre on land recently acquired from the Ursuline Convent in the heart of Blackrock village. The building is sited within a wider public park development, proposed on the grounds of the former Convent, overlooking the village harbour and adjacent to the 'Pier Head' Public House. The building would accommodate a variety of groups, all in need of new facilities, including Blackrock Scouts, Meals on wheels, Citizens Advice and Blackrock Community Association, as well as a new after-school childcare facility and a coffee dock.

The proposal is tucked into the existing north-facing gradient, behind a new (reconstructed) stone wall along Convent Road and maintains a low profile, under a terraced series of roof-planes within the park area. It opens up on its western face to the lower park plaza area and follows the profile of the landscaping as it rises gently towards the formal façade of the recently refurbished Convent building above. A sustainable, low-maintenance design ethos, including the use of green-roof technology, would help minimise running costs of the community, together with the use of good quality and robust materials and construction.

Funding for both the park development and the new Community Centre in Blackrock village is currently on hold.

Glen Regeneration Phase II

2009 saw the completion of the Glen Regeneration Phase II, Works to Existing Houses Contract, designed and managed by the City Architect's Department. The value of the project was approximately €5.3 million.

The contract was effectively a civil works contract that paves the way for the New Build Works Contract - the final stage of the current phase of the regeneration which is due on site in 2010.

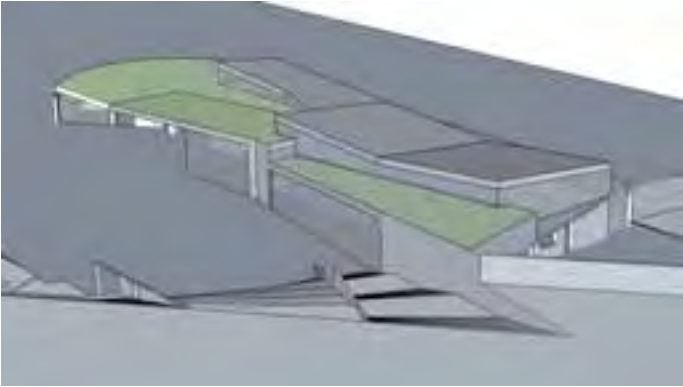

The contract involved closing the underpass on Glen Avenue, re-directing existing services from the New Build Works site, and the provision of new boundaries, driveways and upgraded services to forty one existing houses adjacent to the site.

Splitting Phase II of the Regeneration into three different stages (demolition, enabling works and new build) allowed the Department to better contain the works, reduce the period of disruption to residents, and reduce potential delays to the New Build Works Contract due to underground services.

The previous phase of the regeneration had identified the upgrading of live underground services as problematic and the main threat to programme and costs.

The Works to Existing Houses Contract successfully eliminated this risk, and was completed within budget.

Roinn Ailtire na Cathrach

Ionad Pobail na Dúcharraige

Bhunaigh Roinn Ailtire na Cathrach an Stiúrthóireacht Áineasa, Conláiste agus Cultúir i 2008 chun Ionad Pobail nua a dhearadh ar thalamh a fuarthas ó Chlochar na nUrsalach i gcroílár shráidbhaile na Dúcharraige. Tá an foirgneamh lonnaithe laistigh de pháirc phoiblí atá le forbairt ar thalamh an tseán-Chlochair, díreach os cionn chuan an bhaile agus cóngarach do Theach Tábhairne an ‘Pier Head’. Bhainfeadh go leor grúpaí éagsúla tairbhe as an bhfoirgneamh, grúpaí a bhfuil áiseanna nua ag teastáil uathu, lena n-áirítear Gasóga na Dúcharraige, Béalí ar Rothaí, Comhairle Saoránach agus Cumann Pobail na Dúcharraige, mar aon le háis nua iarscoile cúraim leanaí agus stáisiún caife.

Tá sé beartaithe an fhorbairt nua a thógáil ar an taobh thuaidh den suíomh, taobh thiar de bhalla cloiche (nuathógtha) feadh Bhóthar an Chlochair. Is foirgneamh íseal a bheidh ann faoi shraith phlánaí dín laistigh den pháirc. Ar an taobh ó dheas tá an phláis páirce íochtarach a leanann próifíl an tírdhreacha go dtí go sroichtear aghaidh fhoirmiúil fhoirgneamh athchóirithe an Chlochair. Bheadh an t-éiteas dearaidh inbhuanaithe, éasca le cothabháil, lena n-áirítear teicneolaíocht ghlas dín, agus bheadh ábhair thógála láidre ar ardchaighdeán mar bhonn le costais reatha an phobail a laghdú.

Tá maoiniú don pháirc nua agus don Ionad Pobail nua sa Dúcharraig ar feitheamh i láthair na huaire.

Athghiniúint an Ghleanna Céim II

I 2009 cuireadh críoch le hAthghiniúint an Ghleanna Céim II, Conradh um Oibreacha ar Thithe Reatha, obair a bhí deartha agus a bhí faoi bhainistíocht Roinn Ailtire na Cathrach. Chosain an tionscadal seo thart ar €5.3 milliún.

Conradh oibreacha sibhialta a bhí i gceist, conradh a leag an bealach le forbairt an Chonartha Nua Oibreacha Tógála – an staid dheireanach den chéim athghiniúna reatha atá le tosú i 2010.

Cuid den obair a bhain leis na gconradh seo ba ea an t-íosbhealach ar Ascaill an Ghleanna a dhúnadh, seirbhísí reatha a atreorú ó shuíomh na nOibreacha Nua Tógála, teorainneacha, cabhsáin agus seirbhísí feabhsaithe a sholáthar do 41 teach cóngarach don suíomh.

Trí Chéim II den Athghiniúint a roinnt i dtrí staid faoi leith (scartáil, oibreacha cumasúcháin agus tógáil nua) bhí an Roinn in ann na hoibreacha a rialú níos éifeachtaí, an tréimhse a raibh siad ag cur isteach ar chónaitheoirí a laghdú agus moill ar Chonradh Nua na nOibreacha Tógála a laghdú trí leas a bhaint as seirbhísí faoi thalamh.

Aithníodh sa chéim roimhe seo den athghiniúint go raibh deacrachtaí ag baint le huasghrádú na seirbhísí beo faoi thalamh agus gurb é sin an príomhbhagairt don chlár agus do chostais.

Chuir an Conradh um Oibreacha ar Thithe Reatha deireadh leis an mbagairt seo, agus cuireadh críoch leis an gconradh de réir an bhuiséid a bhí sonraithe.

City Architect's Department

Susie's Field

Susie's Field is a Social and Affordable Housing Scheme situated to the north of Cork city, in the Glen area. The development commenced on site in January 2007 and was completed in July 2009.

The scheme is housed on a 3 hectare/7acre site and comprises of 107 housing units all of varying types and sizes. Units include 3 and 4 bed semi-detached houses, 2 bed sheltered houses, two and three bed apartments, duplex units, as well as a Crèche. The Crèche is now up and running and almost all units are now occupied.

The design is predominately terrace style housing, which will help reduce heating costs. The terrace style also kept the construction prices per unit, lower. Each Unit is fitted with a condensing gas boiler, which is extremely efficient; again to lower the amount of fuel consumption. The Development was designed and commenced on site prior to new Part L Guidelines; however, all Units still achieved a BER rating B1 or B3.

Where possible, the orientation of the dwellings optimizes day-lighting and solar gain, which contributes to the living environment, also many of the units take advantage of views of the City and of North Cork.

This new housing development integrates suitably into the existing natural and built environment and makes a positive contribution to the overall environment of the locality. It was a run down area prior to this development and was prone to anti-social behaviour. This development will strengthen and help to reinforce existing local communities.

The overall impact of this scheme in the context of the surroundings is as follows.

- A new public amenity space created within the site.
- An unsightly area transformed by an attractive new development.
- A streetscape created along Glen Avenue which integrates well into the existing urban fabric.
- A positive contribution to the overall area.

Roinn Ailtire na Cathrach

Páirc Susie

Is Scéim Tithíochta Sóisialta agus Inacmhainne í Páirc Susie atá suite ó thuaidh ó chathair Chorcaí, cóngarach do cheantar an Ghleanna. Cuireadh tús leis an obair forbartha ar an suíomh i mí Eanáir 2007 agus cuireadh críoch leis an obair i mí Iúil 2009.

Tá an scéim seo ar shuíomh 3 heicteár/7 n-acra agus tá 107 aonad tithíochta ann ar fad, idir aonaid mhóra agus bheaga. Tá idir tithe leathscóite 3 agus 4 sheomra, sciath-thithíocht dhá sheomra, árasáin le dhá agus trí sheomra, aonaid dhá urláir, mar aon le Naíolann tógtha mar chuid den scéim seo. Tá an Naíolann ar oscailt anois agus daoine ag cur fúthu i bhformhór na n-aonad chomh maith.

Tithíocht sraithe den chuid is mó atá le tógáil ann, a chabhróidh le costais téimh a choimeád íseal. Cabhróidh an stíl seo chomh maith leis na costais tógála a bhaineann le gach aonad a choimeád íseal. Tá coire gáis comhdhlúthach feistithe i ngach Aonad, rud atá thar a bheith éifeachtach, agus rud a chabhraíonn le hídíú breosla a laghdú. Forbraíodh agus cuireadh tús leis an bhForbairt ar an suíomh sular cuireadh Treoirilnte Chuid L i bhfeidhm; ach fós féin d'éirigh leis na hAonaid ar fad rátáil BER B1 nó B3 a fháil.

Áit ar féidir, tá na háitribh lonnaithe ionas go mbainfidh siad an oiread tairbhe agus is féidir as solas an lae agus as solas na gréine, rud a chuireann feabhas ar an timpeallacht maireachtála, agus cosúil le formhór na n-aonad, rud a chinntíonn go bhfuil radhairc bhreátha den Chathair agus de Chorcaigh Thuaidh le feiceáil.

Oireann an fhorbairt tithíochta nua seo don timpeallacht reatha nádúrtha agus thógtha mar aon le cur go mór leis an gceantar trí chéile. Bhí an ceantar seo ag dul ó rath sular tógadh an fhorbairt seo agus bhí deacrachtaí le hiompraíocht frithshóisialta sa cheantar chomh maith. Cothóidh agus cabhróidh an fhorbairt seo leis na pobail áitiúla atá ann i láthair na huaire a neartú.

Seo a leanas tionchar foriomlán na scéime seo i gcomhthéacs na comharsanachta.

- Spás conláiste poiblí nua cruthaithe laistigh den suíomh.
- Ceantar mímhaiseach claochlaithe ag forbairt nua tarraingteach.
- Sráid-dreach cruthaithe ar feadh Ascaill an Ghleanna a chomhtháthaíonn go maith leis an gcreatlach uirbeach atá ann cheana.
- Forbairt dhearfach a chuireann leis an gceantar ar fad.

Gurranabraher Hut

In 2009, The Lord Mayor Cllr. Dara Murphy officially opened the Gurranabraher / Churchfield Youth and Community Resource Centre "The Hut".

The Hut is a flagship project for the Community and Enterprise Directorate which has been in development since 2006 when local residents and groups came together through RAPID to look at the need to redevelop the old Hut which was a workman's Hut used for community activities for many years but very inadequate and in poor condition.

Architects were engaged and plans were drawn up in consultation with the community for a completely new, purpose-built building which would not only secure and expand local community services but would be a landmark for the local area and a catalyst for the rejuvenation of the community.

The stained-glass fronted building comprises three-floors of dedicated community space and boasts a magnificent roof garden with panoramic views across the City. The Hut is home to: -

- A comprehensive youth service operated by Youth Work Ireland
- The Community Development Project who run courses, provide support to local groups and organise a range of social and recreational activities for the whole community
- A health suite where a Public Health Nurse is available to local people and regular health activities such as screenings are held
- The local Community Association, which runs a range of social and recreational activities, especially for the elderly.

With a local steering group the Directorate of Community and Enterprise managed the design and construction of the building and was responsible for

Seirbhís Nua Maor Pobail

Bhí 2009 ar an gcéad bhliain a raibh Seirbhís Maor Pobail Chomhairle Cathrach Chorcaí ag feidhmiú. Tá cúigear Maor Pobail ag obair sna ceithre cheantar RAPID. Tá ceithre ghné faoi leith leis an ról atá acu:

- (1) Idirchaidreamh pobail:
Freastal ar chruinnithe cosúil leo seo a leanas thar ceann Chomhairle Cathrach Chorcaí:
 - Grúpaí Cónaitheoirí
 - Fóraim Timpeallachta
 - Fóraim Sábháilteachta Pobail m.sh. tacaíodh le ceithre Fhóram Sábháilteachta
 - Aonaid Sábháilteachta Pobail
 - grúpaí ábhartha eile
- (2) Rannpháirtíocht in imeachtaí áitiúla
 - 25 seisiún glantacháin áitiúil
 - 7 n-imeachtaí Oíche na dTinte Cnámh agus Oíche Shamhna
 - 5 Lá Spraoi do Theaghlaigh
 - Tacaíocht do 3 Chaife Óige
- (3) Monatóireacht/Tuairisciú:
Monatóireacht agus tuairisciú ar réimsí cosúil leis na gnéithe seo a leanas:
 - an saol poiblí
 - comharsanachtaí scoile agus siopa
 - áiseanna pobail
 - eastáit tithíochta
 - páirceanna
 - ionaid ‘fág anseo’
 - ionaid áitiúla a luaitear iompraíocht frithshóisialta leo, cosúil le dumpáil mhídhleathach agus tithe folmha
- (4) Forfheidhmiú:
I gcomhar leis na Stiúrthóireachtaí cuí, tacaíonn na Maoir le smachtbhannaí dlí i gcoinne ciontóirí leanúnacha nach mbíonn tionchar ar bith ag idirghabhálacha orthu. I measc na samplaí éagsúla tá idirchaidreamh leis na ranna cuí maidir le bruscar agus dumpáil, capaill a bhogadh ó áit go chéile, truailliú de dheasca torainn s.r.l.

I measc na nithe suntasacha eile a cuireadh i gcrích i gcaitheamh na bliana bhí an obair iontach a rinne na Maoir Phobail le linn na dtuile. Chinntigh siad go raibh uisce ag daoine, go raibh daoine scothaosta

ceart go leor, agus chabhraigh siad leis an nGarda Síochána agus le grúpaí pobail ag leibhéal áitiúil deacrachtaí eile a tháinig chun cinn a chur ina gceart. Chomh maith leis sin, ghlac na Maoir páirt i gCampáil Rugbaí agus imeachtaí i Limistéir Ilúsáide Cluichí.

Bothán Gharrán na mBráthar

I 2009, d'oscail an Ardmhéara, an An Comh. Dara Murphy Lárionad Acmhainne Pobail agus Óige Gharrán na mBráthar / Chnoc na Cille "The Hut" (An Bothán) go hoifigiúil.

Tionscadal suaitheanta don Stiúrthóireacht Pobail agus Fiontair é An Bothán atá á fhorbairt ó 2006 i leith, tráth ar tháinig cónaitheoirí agus grúpaí áitiúla le chéile trí mheán RAPID chun iniúchadh a dhéanamh ar an ngá a bhí ann an seánbhothán a athfhorbairt, bothán oibre a úsáideadh do ghníomhaíochtaí pobail ar feadh blianta fada ach bothán a bhí ag titim ó chéile.

Ceapadh ailtirí agus cuireadh pleananna i dtoll a chéile i gcomhar leis an bpobal, pleananna d'fhoirgneamh nua, saintógtha a chinnteodh ní hamháin méadú ar sheirbhísí áitiúla pobail ach foirgneamh a chruthódh críochchomhartha nua don cheantar agus a chuirfeadh tús le hathnuachan an phobail.

Community and Enterprise

securing the necessary 1.4 million Euro needed to complete the works.

The building is now occupied with large numbers of people using it on a daily basis for yoga, tea dances, education courses and blood pressure checks.

The RAPID Co-Ordinators for the area and staff of Community and Enterprise have supported the management group in allocating space and overall management of the building.

More recently, a piece of Public Art has been installed on the roof of the building. The work which was produced by James Hayes titled “As Time Flies” is a reflection of the vibrancy and vitality of the services in the centre and the hope for the future.

Le déanaí, suiteáladh píosa Ealaíne Poiblí ar dhíon an fhoirgnimh. Ba é James Hayes a bhí taobh thiar den saothar ealaíne “As Time Flies” a léiríonn beocht agus bríomhaireacht na seirbhísí atá ar fáil san ionad agus comhartha dóchais atá ann chomh maith do na blianta fada amach romhainn.

Docklands Development

Introduction

The redevelopment of Cork Docklands is a key project for the city and one of the core elements contained in the Cork Area Strategic Plan (C.A.S.P.) and the Cork City Development Plan 2009-2015. The redevelopment of the area is seen as a key factor in growth of Metropolitan Cork and the Cork Gateway.

The following key areas formed the main focus of activity by the Docklands Directorate in 2009:

Planning Applications

The first major planning application in the South Docks area was granted permission in March 2009 at the former Ford's distribution Centre in Centre Park Road. The application proposed the development of an Events Centre, a hotel, part of the proposed Neighbourhood Centre and a number of mixed commercial/residential schemes, including two tall buildings.

Procurement of Consultants for the Design of the Public Realm

Consultants were sought in 2009 for the design of the public realm or public spaces in Docklands. Thirty submissions were received in response to a request for Expressions of Interest from multidisciplinary consultancy teams, including landscape architects, architects and urban designers, art consultants, civil and structural engineers, mechanical and electrical engineers and quantity surveyors. The services required will involve the preparation of a world class design of the full extent of the public realm within the North and South Docks areas including detailed designs of streetscapes, pocket parks, neighbourhood parks and linear parks, plazas, 2.5km of quayside amenity area, water features and cycleways / pedestrian routes. The selection process was finalised before the end of 2009 with consultants to commence work in early 2010.

A second large application was granted planning permission in May 2009 for the R&H Hall site on Kennedy Quay. The application proposed the development of a mixed use development comprising mainly residential and office uses. This application is currently on appeal to An Bord Pleanála.

Extensive pre-planning discussions also took place in relation to the redevelopment of the Marina Commercial Park and the Topaz facility site, both of which are located on Centre Park Road. The redevelopment of the Topaz site is a priority for Cork City Council as it would remove the 'Seveso' use which is currently stymieing redevelopment in the immediate vicinity.

Forbairt na nDuganna

Réamhrá

Is tionscadal tábhachtach do chathair Chorcaí agus ceann de na príomhghnéithe i bPlean Straitéiseach Limistéar Chorcaí (C.A.S.P.) agus i bPlean Forbartha Chathair Chorcaí 2009-2015 é athghiniúint Cheantar na nDuganna. Meastar gur príomhghné d'fhás Cheantar Uirbeach Chorcaí agus Geata Chorcaí atá in athfhorbairt an cheantair.

Is ar na príomhréimsí seo a leanas a dhírigh Stiúrthóireacht na nDuganna a cuid gníomhaíochta i 2009:

Soláthar Comhairleoirí chun an Limistéar Poiblí a Dhearadh

Chuathas sa tóir ar chomhairleoirí i 2009 chun an limistéar poiblí nó spásanna poiblí i gCeantar na nDuganna a dhearadh. Fuarthas tríocha aighneacht mar thoradh ar iarratas ar Léiriú Spéise ó fhoirne ildisciplíneacha comhairleoireachta, lena n-áirítear ailtirí tírdhreacha, ailtirí agus dearthóirí uirbeacha, comhairleoirí ealaíne, innealtóirí sibhialta agus foirgníochta, innealtóirí meicniúla agus leictreacha agus suirbhéirí cainníochta. Éileoidh na seirbhísí a bheidh ag teastáil dearadh den chéad scoth den limistéar poiblí laistigh de na Duganna Thuaidh agus Theas, lena n-áirítear dearadh mionsonraithe sráid-dreacha, mionpháirceanna, páirceanna comharsanachta agus páirceanna líneacha, pláis, 2.5km de limistéar áineasa le taobh na cé, sainghnéithe uisce agus slite do rothaithe/do choisithe. Cuireadh críoch leis an bpróiseas roghnúcháin roimh dheireadh 2009 agus tá na comhairleoirí le tús a chur leis an obair go luath i 2010.

Iarratais Phleanála

Ceadaíodh an chéad mhór-iarratas pleanála thart ar na Duganna Theas i mí an Mhárta 2009 ag seán-ionad dáileacháin Ford ar Bhóthar na Páirce Láir. Moladh san iarratas Ionad Imeachtaí a fhorbairt, mar aon le hóstán, cuid den Ionad Comharsanachta nua a bhí le tógáil agus roinnt scéimeanna measctha tráchtála/cónaithe, lena n-áirítear dhá fhoirgneamh arda.

Ceadaíodh an dara hiarratas mór i mí na Bealtaine 2009 – Halla R&H ar Ché Uí Chinnéide. Moladh san iarratas go bhforbrófaí forbairt úsáid ilchineálach ina mbeadh árais chónaithe agus oifigí den chuid is mó. Tá an t-iarratas seo faoi bhráid an Bhoird Phleanála chun críche achomhairc i láthair na huaire.

Bhí roinnt mhaith plé réamhphleanála ann maidir le hathfhorbairt Pháirc Tráchtála na Muiríne agus áis Topaz, atá lonnaithe ar Bhóthar na Páirce Láir. Tá Comhairle Cathrach Chorcaí ag tabhairt tús áite d'athfhorbairt shuíomh Topaz ó tharla go gcuirfeadh sé deireadh leis an úsáid 'Seveso' atá ag cur bac ar athfhorbairt an cheantair chongaraigh.

Docklands Development

Roads and Bridges Environmental Impact Statement & Compulsory Purchase Order

Cork City Council undertook the preparation of an E.I.S. for the development of the key roads and bridge infrastructure for Docklands and an oral hearing by An Bord Pleanála into the application began in November 2008. The hearing was finalised in 2009 with a decision expected in early 2010.

This process is a key step in putting the necessary statutory approvals in place to allow the infrastructure to proceed which will facilitate the development of Docklands.

Forbairt na nDuganna

Ráiteas Tionchair Timpeallachta & Ordú Ceannaigh Éigeantaigh i leith Bóithre agus Droichead

Thug Comhairle Cathrach Chorcaí faoi R.T.T. a ullmhú i ndáil le forbairt príomhbhóithre agus infreastruchtúir droichid do cheantar na nDuganna agus reáchtáil An Bord Pleanála éisteacht ó bhéal faoin iarratas i mí na Samhna 2008. Cuireadh críoch leis an éisteacht i 2009 agus táthar ag súil le cinneadh go luath i 2010.

Is ionann an próiseas seo agus céim thábhachtach i gceadú riachtanach reachtúil a bhunú ionas gur féidir leanúint leis an infreastruchtúr a thógáil, infreastruchtúr a éascóidh forbairt na nDuganna.

Environment

Comhshaol

Flooding Crisis

On the night of 19th /20th November 2009 there was an unprecedented level of flooding in the western part of Cork City. Severe damage/disruption was caused for domestic and commercial premises, educational facilities, health institutions, roads/bridges and quay walls. Critical elements of the Lee Road Waterworks were also flooded resulting in the loss of circa 70% of the City's normal water supply/treatment capacity. There were no fatalities and no-one was injured in the event.

In responding to the overall crises, Cork City Council as lead agency with the support of other agencies undertook a number of actions in response to the crisis including:

- The Severe Weather Plan and other elements of the Framework for Emergency Management were utilised as necessary.
- The waterworks was shut down in sufficient time to limit damage to electrical equipment and prevent contaminated water entering the supply network
- Emergency action was taken to repair breaches in the quay walls at Grenville Place and Sunday's Well Road.
- Traffic access in the affected areas was managed
- People were evacuated and accommodated in temporary accommodation.
- There were regular meetings of the Crisis Team and the other principal response agencies from the 20 November until the 3 December.
- Flood damaged materials were removed from domestic properties by Cork City Council.
- A Co-Ordination Centre dedicated to the crisis was set up in City Hall and a free phone telephone number was established for members of the public.
- The DoEHLG were briefed on a daily basis and there were frequent website updates and media briefings as necessary.

While the flood waters receded relatively quickly the residual damage to key properties was significant. In the case of the waterworks the level of impact was such that production was shutdown at midnight on

Thursday 19th November. Water supplies were restored on a phased basis from Thursday 26th November to Saturday 28th November and supplies were the subject of a Boil Water Notice until 2nd December. Water supplies were largely restored to normal by 3rd December and the City Manager declared an end to the Civic Emergency on 4th December.

In dealing with the water element of the crisis the Draft Drinking Water Incident Response Plan was utilised. Available reservoir capacity was reserved to serve areas with key health and other institutions. Emergency supplies of drinking water and sanitary water were quickly provided by means of tankers and standpipes in the affected areas. Arrangements were made for the provision of emergency deliveries of bottled and tankered water to elderly/vulnerable residents and to key institutions. Works were carried out to the Lee Road water treatment plant and production restored.

The Council's reservoirs were replenished and the water supply network refilled. Supply was restored to consumers on a phased basis. The scale of the response was unprecedented and involved a coordinated effort by Cork City and County Council, Fire Service, Civil Defence, Army, Navy, Health Service Executive (HSE) and others.

The scale and nature of the water crises is unique in Ireland and presented a range of challenges. The City Council and other agencies worked with the people of the City to ensure that it continued to function throughout the crises. Approximately €3.1m was spent by Council in dealing with the overall event – circa two thirds of which related to the water element. The Department of the Environment subsequently recouped this sum in full to the Council and allocated a further €100,000 for additional flood defences at the Lee Rd waterworks.

Géarchéim na dTuilte

Ar oíche an 19ú /20ú Samhain 2009 bhí tuilte in iarthar Chathair Chorcaí nach raibh súil leo ar chor ar bith. Rinneadh an-chuid damáiste d'árais chónaithe agus tráchtála, áiseanna oideachais, institiúidí sláinte, bóithre/droichid agus ballaí céanna. Rinne na tuilte damáiste shuntasach do ghnéithe ríthábhachtacha d'Oibreacha Uisce Bhóthar na Laoi, rud a chiallaigh gur cailleadh thart ar 70% de ghnáthsholáthar/de ghnáth-acmhainn cóireála uisce na Cathrach. Níor fuair aon duine bás ná níor gortaíodh duine ar bith dá bharr.

Le linn a bheith ag déileáil leis an ngéarchéim, thug Comhairle Cathrach Chorcaí, le tacaíocht ó ghníomhaireachtaí eile, faoi roinnt beart éagsúil mar fhreagairt ar an ngéarchéim, lena n-áirítear:

- Úsáideadh an Plean Éigeandála Aimsire agus gnéithe eile den Chreat um Bainistiú Éigeandála de réir mar ba chuí.
- Dúnadh na hoibreacha uisce sula ndearnadh damáiste do threalamh leictreach agus d'fhonn cosc a chur le huisce truaillithe a bheith ag sní isteach sa líonra soláthair.
- Rinneadh obair éigeandála d'fhonn deisiúchán a dhéanamh ar bhallaí na cé ag Plás Grenville agus Bóthar Thobar Rí an Domhnaigh.
- Bainistíodh an rochtain tráchta sna limistéir i gceist.
- Aslonnaíodh daoine agus cuireadh cóiríocht shealadach ar fáil dóibh.
- Bhí cruinnithe rialta ag an bhFoireann Éigeandála agus ag na príomhghníomhaireachtaí freagracha eile ón 20 Samhain go dtí an 3 Nollaig.
- Thóg Comhairle Cathrach Chorcaí ábhair a ndearna an tuile damáiste dóibh ó áiteanna cónaithe.
- Bunaíodh Ionad Chomhordaithe i Halla na Cathrach le déileáil leis na ngéarchéim agus bunaíodh uimhir ghutháin saorghlao don phobal.
- Tugadh an t-eolas is déanaí don Roinn Comhshaoil, Oidhreacht agus Rialtais Áitiúil gach lá agus cuireadh an t-eolas is déanaí ar an suíomh gréasáin agus scaipeadh an t-eolas cuí ar na meáin nuair ba ghá.

In ainneoin gur chúlaigh an t-uisce go réasúnta tapa rinneadh damáiste suntasach do roinnt áitreabh

tábhachtach. Bhí tionchar ollmhór aige seo ar fad ar na hoibreacha uisce agus b'éigean stop a chur leis na hoibreacha ar fad ag meán oíche ar an Déardaoin, 19ú Samhain. Cuireadh na soláthairtí uisce ar fáil arís ar bhonn céimnithe ón Déardaoin, 26ú Samhain go dtí an Satharn, 28ú Samhain agus bhí na soláthairtí uisce faoi réir Fógra Uisce a Fhiuchadh go dtí an 2ú Nollaig. Bhí na soláthairtí uisce beagnach i gceart arís faoin 3ú Nollaig agus d'fhógair an Bainisteoir Cathrach deireadh leis an Éigeandáil Chathartha ar an 4ú Nollaig.

Le linn déileáil leis an ngné uisce den ghéarchéim, baineadh tairbhe as Dréachtphlean Freagartha um Theagmhas Uisce Óil. Coimeádadh an acmhainn infhaighte taiscumair le freastal ar limistéir a raibh institiúidí sláinte agus institiúidí tábhachtacha eile lonnaithe iontu. Bhí soláthairtí éigeandála uisce óil agus uisce sláintíoch ar fáil gan mórán moille i dtancaeir agus i bpíobáin sheasta sna limistéir chuí. Rinneadh socruithe chun uisce buidéalaithe agus uisce i dtancaeir a sholáthar mar ábhar práinne do dhaoine scothaosta/cónaitheoirí leochaileacha agus príomhinstitiúidí. Rinneadh oibreacha ar ionad cóireála uisce Bhóthar na Laoi agus bhí gach rud ag obair i gceart arís gan mórán moille.

Rinneadh taiscumair na Comhairle a athshlánú agus rinneadh an líonra soláthar uisce a athlínadh. Bhí an soláthar uisce ar fáil do thomhaltóirí arís ar bhonn céimnithe. Ní raibh súil ar bith leis an iarracht mhór a bheadh ag teastáil agus bhain fíorthábhacht le hiarracht chomhordaithe Chomhairle Contae agus Cathrach Chorcaí, an tSeirbhís Dóiteáin, Cosaint Shíbhialta, an tArm, an Cabhlach, Feidhmeannacht na Seirbhíse Sláinte (FSS) agus eile.

Tá scála agus nádúr na ngéarchéimeanna uisce in Éirinn thar a bheith neamhghnách rud a chruthaigh roinnt mhaith dúshlán freisin. D'oibrigh an Chomhairle Cathrach agus gníomhaireachtaí eile le pobal na Cathrach d'fhonn a chinntiú gur lean gach rud ag feidhmiú mar ba cheart i rith na géarchéime. Chaith an Chomhairle thart ar €3.1 milliún ag déileáil leis an eachtra seo – caitheadh thart ar dhá trian den airgead sin ar chúrsaí uisce. D'éirigh leis an Roinn Comhshaoil an tsuim iomlán airgid seo a fhorchúiteamh don Chomhairle agus leithdháileadh €100,000 eile do chosaintí breise ó thuilte ag oibreacha uisce Bhóthar na Laoi.

Glashaboy to Tivoli Watermain

In late 2006 the Department of the Environment, Heritage and Local Government approved plans for the construction of a trunk main from Glashaboy Water Scheme (Little Island) to Tivoli Industrial Estate for fire fighting purposes and for augmentation of existing supplies. Construction of the 600mm diameter main commenced in August 2008 and as part of the main is located on Irish Rail property construction had to be co-ordinated with the reconstruction of the Cork- Middleton railway line. The project was completed in July 2009 at a cost of €2.65m. During the flooding and severe weather crisis in late 2009 the watermain was utilized to supplement supply to the city.

Príomhlíonra Uisce na Glaise Buí go Tivoli

Ag deireadh 2006, cheadaigh an Roinn Comhshaoil, Oidhreacht agus Rialtais Áitiúil pleananna chun príomhphíobán uisce a thógáil ó Scéim Uisce na Glaise Buí

(An tOileán Beag) chomh fada le hEastát Tionsclaíoch Tivoli chun freastal ar riachtanais chomhraithe dóiteáin agus chun soláthairtí reatha a mhéadú. Cuireadh tús leis an obair a bhain le príomhphíobán 600mm trastomhais a thógáil i mí Lúnasa 2008 agus ó tharla cuid den phríomhphíobán a bheith lonnaithe ar maoin de chuid Iarnród Éireann bhí sé riachtanach an obair thógála a chomhordú le hatógáil líne iarnróid Chorcaí-Mhainistir na Corann. Críochnaíodh an tionscadal seo a chosain €2.65 milliún i mí Iúil 2009. I rith na dtuillte agus na géarchéime aimsire ag deireadh 2009, úsáideadh an príomhphíobán uisce chun uisce a sholáthar don chathair.

Reáchtáladh 3 chruinniú de chuid Coiste an Bheartais Straitéisigh don Chomhshaol i 2009. I measc na nithe éagsúla a pléadh bhí:

- 1) Ábhair Uisce, Sláintíochta agus Chomhshaoil go dtí 31/12/09

- 4) Rúin a phléigh an chomhairle

Douglas Street Education Services Centre

Situated at 107/108 Douglas Street (formerly a Post Office), this exciting new development for adults returning to education is a joint initiative between Cork City Council and the City of Cork VEC. It will assist in further education programmes provided by St. John's Central College and/or other continuing education programmes in Cork city. The complex was officially opened by former Lord Mayor, Cllr. Brian Bermingham on 2nd June 2009 and includes:

- An Adult Education Services Centre for one-to-one and small group tuition – to complement facilities at St John's Central College with Adult Basic Education Services provided by the VEC Adult Literacy Service/Altrusa.

- A Crèche/Childcare Facility for 50 children, whose parents are attending further education programmes at St John's, the College of Commerce & other education & training facilities.

- Five (5) one-bedroom and five (5) two-bedroom apartments for adults in accommodation transition and who contract to attend an accredited education/training programme. This Cork City Council facility is managed by the Sofia Housing Association.

- A Student Service Centre, with Student Welfare looking after disability services, crèche placements, links to accommodation provision, and so on.

The development of the Douglas Street Education Services Centre rehabilitates an important inner city site, which has been derelict for many years. The façade of the former post office, a listed structure, has been sensitively incorporated into the new building.

The Douglas Street Education Services Centre makes a valuable contribution to the social infrastructure of the area by opening up and improving access to St John's Central College Campus. The Centre is designed and built to the highest standards.

The provision of accommodation and the availability of child-care facilities will ensure that on-site residents and other parents are being given a unique opportunity to avail of education and training opportunities.

The provision of these additional facilities ensures an increased focus on access for all to Continuing Education Programmes in the city. They provide flexibility and responsiveness for those wishing to further their education, update their existing skills or for those who wish to avail of a "second chance" in educational terms.

Housing and Community

Cork Foyer Garden Project - Growing into the Community

The Foyer Garden Project is a fantastic initiative that has put the Foyer at the heart of the Blackpool community whilst helping the most vulnerable in society, including the homeless. The Foyer was privileged to have the former Lord Mayor Cllr Brian Birmingham officially open the project on the 14th May 2009 which includes a large modern glasshouse, toddler play park, allotment spaces and seasonal cafe with toilet facilities. It was encouraging to see so many people share in the Foyer's celebrations and witness the unveiling of a plaque in recognition of the work undertaken by the previous occupants of the Foyer, the Little Sisters of the Assumption.

During the official opening of the Garden Project it was announced that the Foyer had been successful in its application to secure funding to deliver Fetac accredited and non accredited horticulture programmes to clients from a variety of homeless services, including the Foyer. The generous funding received from Pobal has enabled the Foyer to recruit a VEC registered Horticulturist to deliver horticulture programmes over two years with the kind help of one of the Corrigan's City Farm volunteers, Denis Murphy. The Foyer has also facilitated the therapeutic needs of other vulnerable groups, including the Brothers of Charity and the Basement Centre in addition to numerous visits from local schools etc. The Foyer now has 28 people regularly participating in its horticulture programme.

Another development of the project was the inclusion of RTE in selecting the Foyer as an ideal venue to film Corrigan's City Farm, fronted by celebrity Chef Richard Corrigan. The television programme followed the trials and tribulations of several volunteers growing their own fruit and vegetable and keeping small livestock in an urban setting. With a strong emerging partnership during 2009, Churchfield Trust Ltd and its service users agreed, on a pilot basis, to operate the seasonal cafe to the greater benefit of the community, wider project and those participating in programmes.

Several Foyer residents also volunteered to work in the café, providing them with a realistic experience to add to their CV's. It is anticipated that the café will continue to operate and develop during 2010, and will be linked with a HACCP Certificate for all those who give their time voluntarily.

It is now intended to build on the success of Corrigan's City Farm by continuing to fully utilise the land and establish a mini pet farm to complement the toddler play ground and wider garden project. This will provide the perfect opportunity for the Foyer to integrate into the community.

Tionscadal um Ghairdín Fhorhalla Chorcaí – Ag Fás isteach sa Chomhphobal

Is tionscnamh iontach é an Tionscadal um Ghairdín an Fhorhalla atá tar éis an Fhorhalla a chur i gcroílár comhphobail na Linne Duibhe fad is a chabhraíonn sé leis na daoine is leochailí sa sochaí, lena n-áirítear daoine gan dídean, ag an am céanna. Ba phribhléid don Fhorhalla é gur oscail an t-iar-Ardmhéara, an An Comh. Brian Birmingham an tionscadal go hoifigiúil ar an 14ú Bealtaine 2009 a áiríonn teach gloine mór nua-aimseartha, páirc súgartha na lapadán, spásanna garraí scóir agus caife séasúrach le háiseanna leithris. Ba rud spreagúil é an méid sin daoine a fheiceáil ag ceiliúradh an Fhorhalla agus chun féachaint ar nochtadh plaice mar aitheantas ar an obair déanta ag iar-áititheoirí an Fhorhalla, Siúracha Beaga na Deastógála.

I rith oscailt oifigiúil an Tionscadail um Ghairdín, fógraíodh gur éirigh leis an bhForhalla lena iarratas ar mhaoiniú a dhaingniú d'fhonn cláir ghairneoireachta neamh-chreidiúnaithe agus creidiúnaithe ag Fetac a sheachadadh do chliant ó raon seirbhísí do dhaoine gan dídean, an Fhorhalla san áireamh. Tá an maoiniú flaithiúil a fuarthas ó Pobal tar éis ligean don

Fhorhalla gairneolaí atá cláraithe leis an CGO a earcú d'fhonn cláir ghairneoireachta a chur ar fáil thar dhá bhliain le cúnamh cineálta ó dhuine de na hoibrithe deonacha ar Corrigan's City Farm, Denis Murphy. Tá an Fhorhalla tar éis riachtanais teiripeacha de ghrúpaí leochaileacha eile a éascú chomh maith, lena n-áirítear Bráithre na Carthanachta agus an Lárionad Bonnlaigh i dteannta le roinnt mhaith cuairteanna ó scoileanna áitiúla s.r.l. Tá 28 duine sa bhForhalla anois a bhíonn ag glacadh páirt go rialta ina chlár gairneoireachta.

Forbairt eile de chuid an tionscadail ná cuimsiú RTÉ i roghnú an Fhorhalla mar ionad foirfe chun Corrigan's City Farm a scannánú, le Príomhchócaire cáiliúil Richard Corrigan sa phríomhpháirt. Tháinig an clár teilifíse i ndiaidh buaireamh agus crá de chuid roinnt oibrithe deonacha a bhí ag fás a gcuid torthaí agus glasraí féin agus ag coimeád beostoc beag ar shuíomh uirbeach. Le comhpháirtíocht láidir ag teacht chun cinn i rith 2009, d'aontaigh Iontaobhas Chnoc na Cille Teo. (Churchfield Trust Ltd) agus na daoine a bhaineann úsáid as a gcuid seirbhísí, ar bhonn teorach, an caife séasúrach a fheidhmiú ar mhaithe an chomhphobail i gcoitinne, an tionscadail níos leithne agus na ndaoine siúd atá ag glacadh páirt sna cláir.

Thairg roinnt cónaitheoirí sa bhForhalla oibriú sa chaife, ag tabhairt taithí réadúil dóibh le cur ar a gcuid CVanna. Táthar ag súil go leanfaidh an caife ar aghaidh ag feidhmiú agus ag forbairt i rith 2010, agus go mbeidh sé nasctha le Teastas HACCP dóibh siúd go léir a thug a gcuid ama go deonach.

Tá sé beartaithe anois cur le rath Corrigan's City Farm trí leanúint ag baint úsáide iomlán as an talamh agus mion-fheirm peataí a bhunú le cur le clós súgartha na lapadán agus tionscadal an ghairdín i gcoitinne. Cuirfidh sé seo an deis foirfe ar fáil don Fhorhalla dul i lánpháirtíocht leis an gcomhphobal.

Information Systems

Córais Faisnéise

Information Systems

In 2009 the Information Systems department organised and hosted a major international ICT conference, led a major organisational change project with the introduction of Core Time and completed the final stage of the network strategy begun two years previously.

The city council also participated fully in a national buy out of Microsoft licences which allows the city council to operate in a fully compliant licensing context for at least 3 years but at a significantly discounted cost. The local elections in June introduced a new city council and the IS department led the roll out of broadband 'at home' for all 31 council members along with the setup, installation of laptops and mail for each member. The major flood event of November 2009 saw IS staff step up to the responsibilities assigned to them in plans in place from the Major Emergency Response Committee. The IS department was key in setting up the command and call centre over the weekend of the crisis and a member of the IS department managed the daily operation of the call centre over a period of 10 days. The city council website www.corkcity.ie proved to be a vital strategic communications tool in the regular publication of public information, and over 60 public notification statements were published during this time. Several IS department staff were on call 24x7 to support the crisis management team throughout the two week period.

These projects are in effect 'highlights' of 2009 but it is important they are considered in the context of on-going day to day IS operations, which daily provides ICT services to over 870 users across 65 networked sites across the city council.

The Major Cities of Europe Conference

Cork City Council hosted a significant international conference at the Clarion Hotel in June. The information systems department lobbied successfully to ensure the annual conference for the Major Cities of Europe organisation was hosted in Cork. Delegates from over 15 European countries attended the three day event and enjoyed a gala dinner at the Cork City Gaol. The theme of the conference was 'Innovative current & future ICT practices across European Local Governments' and over 30 ICT experts from European cities spoke. The conference was opened by Minister Micheál Martin TD and attracted over 80 delegates.

Core Time and Pay

One of the most important change projects of 2009 was the implementation of a new centralised time management system which saw a new time and attendance module rolled out to over 500 staff across 12 Directorates in City Hall. The Core project team successfully led a smooth transition from a traditionally paper based system to a new swipe card system. The new system allows much improved controls and management information in relation to attendance, absences and has facilitated the introduction of an improved flexitime system for staff.

Major re-design and re-organisation of the network structure and components

2009 saw the completion of the final parts of a 2007 network strategy. A new storage area network was commissioned and installed on site. A new SQL cluster for those applications migrated to SQL2005 was created to provide a new 'failover' alternative in the event of a hardware failure. Our Mail / Exchange server is now replicated every half hour to a remote location using a new synchronisation application, Plate spin.

A buy-out of the Microsoft Enterprise Agreement was negotiated nationally on behalf of the local government sector by the LGCSB. This buy-out cost €370,000 for Cork City Council but will ensure the city council owns sufficient licenses to cover the existing server and desktop population for many years. It also covers a degree of 'future proofing' as under the terms of the buy-out, the site is entitled to upgrade to all current releases of Office, SQL etc.

Córais Faisnéise

I 2009 d'eagraigh agus d'óstáil roinn na gCóras Faisnéise mór-chomhdháil idirnáisiúnta um Teicneolaíocht Faisnéise agus Cumarsáide (TFC), bhíodar i gceannas ar mhór-thionscadal um athrú eagraíochta le tabhairt isteach Core Time agus chuireadar críoch le céim dheireanach na straitéise gréasáin a cuireadh tús léi dhá bhliain roimhe sin.

Ghlac an chomhairle cathrach páirt iomlán freisin i gceannas amach náisiúnta ar cheadúnais Microsoft a ligean don chomhairle cathrach feidhmiú i gcomhthéacs ceadúnaithe lán géilliúla ar feadh 3 bliana ar a laghad ach ar chostas atá lascainithe go mór. Tháinig comhairle cathrach nua chun cinn de thoradh na dtoghchán áitiúla a bhí ar siúl i mí an Mheithimh agus bhí Roinn na gCóras Faisnéise i gceannas ar rolladh amach an leathanbhanda 'sa bhaile' do 31 ball na comhairle go léir i dteannta le suiteáil, feistiú na ríomhairí glúine agus rphost do gach ball. De bharr na dtuillte móra i mí na Samhna 2009 ghlac foireann CF le freagrachtaí a sainíodh dóibh i bpleananna a shocraigh an Coiste Freagartha na hÉigeandála Móire. Bhí an roinn CF ríthábhachtach i mbunú an lárionaid cheannais agus glaonna thar deireadh seachtaine na géarchéime agus rinne ball den roinn CF feidhmiú laethúil an lárionaid ghlaonna a bhainistiú thar tréimhse 10 lá. Bhí suíomh gréasáin na comhairle cathrach www.corkcity.ie ina uirlis ríthábhachtach do chumarsáidí straitéiseacha i bhfoilsíú rialta na faisnéise poiblí, agus foilsíodh níos mó ná 60 ráiteas um fhógra poiblí le linn na tréimhse seo. Bhí roinnt ball foirne ón roinn CF ar glao-dhualgas 24x7 le tacú leis an bhfoireann bainistíochta géarchéime le linn na tréimhse coicíse.

I ndáiríre tá na tionscadail seo ina 'mbuaicphointí' den bhliain 2009 ach tá sé tábhachtach go mbreathnaítear orthu i gcomhthéacs na n-oibríochtaí CF laethúla leanúnach, a chuireann seirbhísí TFC ar fáil ar bhonn laethúil do níos mó ná 870 úsáideoir ar fud 65 suíomh gréasáin ar fud na comhairle cathrach.

Comhdháil Phríomhchathracha na hEorpa

D'óstáil Comhairle Cathrach Chorcaí comhdháil idirnáisiúnta tábhachtach in Óstán an Clarion i mí an Mheithimh. Rinne roinn na gcóras faisnéise stocaireacht go rathúil lena chinntiú gur óstaíodh an chomhdháil bhliantúil do Phríomhchathracha na hEorpa i gCorcaigh. D'fhreastail dealagáidí ó níos mó ná 15 tír Eorpach ar an ócáid trí lá agus bhain siad taitneamh as dinnéar ceiliúrtha a bhí ar siúl i bPríosún Cathrach Chorcaí. Ba í téama na comhdhála ná 'Cleachtais TFC nuálaíocha reatha & na todhchaí thar Rialtais Áitiúil na hEorpa' agus labhair níos mó ná 30 saineolaí TFC ó chathracha na hEorpa. D'oscail an Aire Micheál Martin TD an chomhdháil úd agus mealladh níos mó ná 80 dealagáidí chuici.

Core Time and Pay

Ceann de na tionscadail athraithe is tábhachtaí i 2009 ba ea forfheidhmiú córais láraithe nua i leith bainistiú ama as a dtáinig modúl ama agus tinrimh nua a rolladh amach chuig níos mó ná 500 ball foirne thar 12 Stiúrthóireacht i Halla na Cathrach. Bhí foireann an tionscadail Core i gceannas go rathúil ar aistriú réidh ó chóras a bhí bunaithe ar phár go traidisiúnta chuig córas svaidhpcártaí nua. Ligeann an córas nua do rialuithe agus faisnéis bhainistíochta atá feabhsaithe go mór maidir le tinreamh, neamhláithreachtaí agus tá sé tar éis an tabhairt isteach de chóras feabhsaithe um uaireanta solúbtha oibre don fhoireann a éascú.

Athdhearadh agus atheagrú mór ar struchtúr agus codanna an ghréasáin

2009 críochnaíodh na codanna deireanacha den straitéis ghréasáin 2007. Coimisiúnaíodh líonra limistéar stórála nua agus feistíodh ar an láthair é. Cruthaíodh cnuasach SQL nua do na hiarrthóirí sin a aistríodh go dtí SQL2005 le rogha 'teipaistrithe' nua a chur ar fáil i gcás teipe crua-earraí. Déantar ár bhfreastalaí Ríomhphoist / Malartaithe a mhacasamhlú gach leath uair a' chloig anois chuig cian-láthair ag baint úsáide as feidhmchlár sioncrónaithe nua, Plate spin.

Rinneadh ceannas amach ar Chomhaontú Fiontair Microsoft a idirbheartú go náisiúnta thar ceann earnáil an rialtais áitiúil ag an LGCSB. Bhí costas €370,000 ar an gceannas amach seo do Chomhairle Cathrach Chorcaí ach cinnteoidh sé go mbeidh a dhóthain ceadúnais ag an gcomhairle cathrach chun an freastalaí eisiach agus daonra an ríomhaire deisce a chlúdach ar feadh na blianta. Clúdaíonn sé roinnt 'promhadh ó thaobh na todhchaí' chomh maith mar atá faoi théarmaí an cheannaithe amach, tá an suíomh i dteideal uasghrádú de na heisiúintí reatha go léir de Office, SQL s.r.l.

CORE Time and Attendance

The CORE Time and Attendance system was rolled out during the year for all City Hall staff. The system provides for electronic recording of staff attendance and leave and was fully operational by year end. This was another part of the CORE HR system being introduced on a phased basis throughout the Local Government Sector. The overall system will greatly improve personnel administration and provide much needed and valuable data on all aspects of HR Management.

Staffing Moratorium

2009 saw the introduction of the Government imposed moratorium on the filling of public service posts by recruitment, promotion or the payment of allowances. The moratorium was supported by a number of initiatives aimed at reducing staff numbers involving incentivised early retirement and career break schemes and various similar measures.

As a consequence Cork City Council lost over 170 staff from across the organisation and their departure was managed by the Department's Welfare Section. The Council continues to cope with the impact of such losses on its ability to deliver services. As many

of the retirements were towards the end of the year the full impact of the reductions will only become apparent in 2010 and beyond.

Danish Trainee Programme

2009 saw the continuation of the Danish Trainee Programme between Cork City Council and the Municipalities of Koge/Stevns. Cork City Council is one of 3 local authorities that participate in this programme that offers two Danish trainees 3 months administrative work experience. The trainees were based in the City Library and Finance Sections for their tenure with the Council. Each year the trainees' Danish supervisors visit the City Hall to observe the trainees in their working environment.

Cork City Council has been participating in this programme for 13 years with the trainees and the Council benefiting enormously from the arrangement.

CORE Time and Attendance.

Rinneadh an córas Core Time agus Attendance a rolladh amach i rith na bliana d'fhoireann uile Halla na Cathrach. Déanann an córas foráil do thaifead leictreonach de thinreamh agus saoire na foirne agus bhí sé i bhfeidhm ina iomlán faoi dheireadh na bliana. Ba chuid eile é seo den chóras CORE HR á thabhairt isteach ar bhonn céimithe ar fud Earnáil an Rialtais Áitiúil. Déanfaidh an córas foriomlán riarachán foirne a fheabhsú go mór agus chuirfidh sé sonraí luachmhara ar fáil a bhfuil géarghá orthu faoi gach gné de Bhainistíocht Acmhainní Daonna.

Moratóir Earcaíochta.

I 2009 tugadh isteach moratóir arna ghearradh ag an Rialtas do líonadh post na seirbhísí poiblí trí mheán earcaíochta, ardaithe céime nó íocaíochta liúntais. Tacaíodh roinnt tionscnamh leis an moratóir ag a bhí dírithe ar líon na bhfoirne a laghdú le scéimeanna dreasaithe um luathscor agus sos gairme agus bearta comhchosúla eile san áireamh.

Mar thoradh, chaill Comhairle Cathrach Chorcaí os cionn 170 ball foirne ón eagraíocht ar fad agus rinneadh a gcuid imeachta a bhainistiú trí Rannóg Leasa na Roinne. Leanann an Chomhairle uirthi ag déileáil le tionchair caillteanais dá leithéid ar a cumas

chun seirbhísí a sheachadadh. Toisc gur tharla mórán de na scoir i dtreo deireadh na bliana ní bheidh tionchar iomlán na laghduithe le feiceáil ach i 2010 agus níos faide ar aghaidh.

Clár Oiliúnaithe na Danmhairge

I 2009 leanadh ar aghaidh le Clár Oiliúnaithe na Danmhairge idir Comhairle Cathrach Chorcaí agus Bardais Koge/Stevns. Tá Comhairle Cathrach Chorcaí mar cheann den 3 údarás áitiúil a ghlacann páirt sa chlár seo a tháirgeann taithí oibre riaracháin 3 mhí do bheirt oiliúnaí Danmhargach. Bhí na hoiliúnaithe bunaithe i Leabharlann na Cathrach agus sna Rannóga Airgeadais dá dtréimhse oifige leis an gComhairle. Gach bhliain tugann maoirseoirí na n-oiliúnaithe Danmhargach cuairt chuig Halla na Cathrach chun féachaint ar na hoiliúnaithe ina dtimpeallacht oibre.

Tá Chomhairle Cathrach Chorcaí ag glacadh páirt sa chlár seo le 13 bliain anuas agus tá na hoiliúnaithe agus an Chomhairle ag baint tairbhe suntasach as an socrú.

Planning and Development

Planning Policy

Cork City Development Plan: A new Cork City Development Plan 2009-2015 came into operation in May 2009, following a period of public consultation on amendments to the draft plan. The new Plan covers the 6 year period to 2015 and sets out a vision and guiding policy for the development of the city in terms of physical growth and renewal, economic, social and cultural activity and environmental protection and enhancement. The Plan was based on the strategic framework of the CASP update and also incorporated Housing and Retail Strategies prepared jointly with Cork County Council.

Local Plans: The Farranferris Local Area Plan was adopted in July 2009 and a draft Local Area Plan for the South Parish was sent for public consultation in November. Work commenced on an Area Action Plan for Blackpool Village and a Local Area Plan for North Blackpool.

Heritage: A number of heritage projects were completed including the publication of 'Nature in the City, a guide to Biodiversity in Cork City', which was circulated to the public. A guide to Architectural Conservation Areas for property owners was also prepared.

Development Management

A significant number of planning applications for large-scale developments for all sectors of Cork were received by the Planning Directorate in 2009 with the potential to radically transform the city for years to come. In the South Docks, planning permissions were granted (a) for a 1.5 million sq ft mixed use scheme on the Old Ford Distribution site, the largest proposal ever received by the City Council and (b) for a 700,000 sq.ft mixed used scheme on the Origin Enterprises lands at Kennedy Quay. Discussions were on-going through 2009 with other key landowners in the South Docks regarding further significant redevelopment proposals for which permission will be sought in 2010.

In the city centre in 2009 key retailing projects grossing over .5 million sq ft at Patrick Street, Emmet Place, and Academy Street were completed, greatly improving the visual appearance of the city centre and strengthening the regional retail base of Cork. On

Grand Parade permissions were granted for large-scale retail/mixed use schemes on the Capitol Cinema and City Library sites. Planning permissions for significant office developments at Albert Quay and at Andersons Quay as well as for a new private hospital at Lancaster Quay were also granted permission by the local authority. Proposals for the large-scale redevelopment of the Brooks Haughton site on South Terrace were formally lodged for permission at the end of the year.

On the north-side significant redevelopment proposals submitted for permission included two applications for large-scale mixed-use schemes at the Polefield, Blackpool with permission granted for a significant apartment scheme on the Good Shepherd Convent lands at Sunday's Well. A new MRF facility was permitted at Churchfield. On the south-side large-scale office permissions were granted at Mahon and permissions for significant residential developments were granted at the Crow's Nest, Carrigrohane Road; Springville House, Blackrock Road; and at Blackrock Harbour. Recent interest in healthcare was reflected in applications for over 200 bed-spaces in care for the elderly units at Riverside Farm, Model Farm Road; at Bessboro Convent lands in Blackrock; and at Beaumont. An application for permission for a major new District Shopping Centre at Wilton incorporating new retailing, a hotel and conference centre, a cinema, medical units, student housing, and a new civic square and pedestrianised streets was received by the planning authority at the end of 2009 and is due for a planning decision in 2010.

Pleanáil agus Forbairt

Polasaí Pleanála

Plean Forbartha Chathair Chorcaí: Tháinig Plean Forbartha Chathair Chorcaí 2009-2015 nua i bhfeidhm i mí Bealtaine 2009, i ndiaidh tréimhse comhairliúcháin faoi leasuithe ar an dréacht-phlean. Clúdaíonn an Plean nua an tréimhse 6 bliana go dtí 2015 agus leagtar amach ann fíis agus polasaí treorach d'fhorbairt na cathrach i dtéarmaí fáis agus athnuachan fisiciúil, gníomhaíocht eacnamaíochta, sóisialta agus cultúrtha agus cosaint agus feabhsú comhshaoil. Bhí an Plean bunaithe ar chreatlach straitéiseach an CASP nuashonraithe agus ionchorpraíodh Straitéisí Tithíochta agus Miondíola ann a ullmhaíodh go comhpháirteach le Comhairle Contae Chorcaí.

Pleananna Áitiúla: Glacadh le Plean Ceantair Áitiúil Fhearainn Phiarais i mí Iúil 2009 agus cuireadh dréacht-Phlean Ceantair Áitiúil do Pharóiste an Deiscirt le haghaidh comhairliúcháin phoiblí i mí na Samhna. Thosaigh obair ar Phlean Gníomhaíochta Ceantair do Shráidbhaile na Linne Duibhe agus Plean Ceantair Áitiúil do Thuaisceart na Linne Duibhe.

Oidhreacht: Cuireadh roinnt tionscadal oidhreachta i gcrích lena n-áirítear foilsiú 'Nature in the City, a guide to Biodiversity in Cork City', a scaipeadh ar an bpobal. Ullmhaíodh treoir chomh maith ar Limistéir Chaomhantais Ailtireachta d'úinéirí maoine.

Bainistíocht Forbartha

Fuair an Stiúrthóireacht Pleanála líon mór iarratas pleanála ar fhorbairtí mórsála do gach rannóg i gCorcaigh i 2009 leis an gcumas chun an chathair a aistriú go mór ar feadh na blianta le teacht. Sna Duganna Theas, bronnadh cead pleanála (a) ar scéim ilchineálach 1.5 milliún troigh cearnaithe ar Shean-suíomh Dáileacháin Ford, an togra is mó a fuair an Chomhairle Cathrach riamh agus (b) ar scéim ilchineálach 700,000 troigh cearnaithe ar thalún Origin Enterprises ar Ché Uí Chinnéide. Leanadh ar aghaidh le díospóireachtaí i rith na bliana 2009 le príomh úinéirí talún eile sna Duganna Theas ag breathnú ar thograí athfhorbartha suntasacha eile a iarrfar cead dóibh i 2010.

I lár na cathrach i 2009 críochnaíodh príomh-thionscadail mhiondíola a chlúdaíonn níos mó ná .5 milliún troigh cearnaithe ar Shráid Phádraig, Plás Emmet agus Sráid an Acadaimh, ag cur feabhas mór ar chuma lár na cathrach agus ag neartú bunús

miondíola réigiúnach Chorcaí. Ar Shráid an Chapail Bhuí bronnadh cead do scéimeanna ilchineálacha/miondíola mórsála ar shuíomh Phictiúrlann an Capitol agus Leabharlann na Cathrach. Sa bhreis air sin bhronn an t-údarás áitiúil cead pleanála d'fhorbairtí oifige móra ag Cé Ailbhe agus ag Cé Andarsan i dteannta le cead d'ospidéal príobháideach nua ag Cé Lancaster. Cuireadh isteach tograí go foirmiúil ar athfhorbairt mórsála an tsuímh Brooks Haughton ag an Ardán Theas le haghaidh cead a deireadh na bliana.

I dtuaisceart na cathrach, i measc na dtograí athfhorbartha suntasach a cuireadh isteach le haghaidh cead a bhí dhá iarratas ar scéimeanna mórsála ilchineálach i bPolefield, an Linn Dubh le cead bronnata le haghaidh scéim árasáin mhór ar thalún Chlochair an Aoire Mhaith i dTobar Rí an Domhnaigh. Tugadh cead d'áis MRF nua i gCnoc na Cille. Sa deisceart, bronnadh cead d'oifigí mórsála i Machan agus bronnadh cead d'fhorbairtí cónaithe móra ag an Crow's Nest, Bóthar Charraig Ruacháin; Teach Bhaile an Tobair, Bóthar na Dúcharraige; agus Cuan na Dúcharraige. Rinneadh suim úrnua i gcúram sláinte a léiriú in iarratais ar níos mó ná 200 leaba in aonaid chúraim do dhaoine scothaosta ag Riverside Farm, Bóthar na Modh-Fheirme; ar thailte Chlochair Bessboro sa Linn Dubh; agus i mBeaumont. The Year of the Constant Reader in Cork City Libraries

In 2009 the City Council's Libraries rewarded its readers – the people who borrow books and use other library facilities on a weekly or even daily basis - with a year-long programme to promote reading in all its variety, and just as important, to say a big thank you to the readers. Libraries welcomed some of the biggest names in writing during 2009 - Joseph O'Neill, whose novel *Netherland* was subsequently named as one of President Obama's favourite reads, Jan Morris, one of the world's most acclaimed travel writers, Michael Holroyd, Val McDermid and others – but there was much more to the Year, with competitions, prizes, book swaps, new book clubs and much more.

Completion of various capital projects

The Banks of the Lee Walkway section from Thomas Davis Bridge to the Lee Fields was completed, the Mardyke Skate Park and Clashduv Park new tennis and basketball courts opened, and a new roof put on Douglas Swimming Pool

Festivals/Events

St Patrick's Festival was held over 3 days in March 2009, attracting attendances of over 70,000. Bonfire Night events were held in various locations throughout the city on 23rd June. Culture Night on 24th September saw 52 venues hosting over 20,000 individual cultural visitors. Christmas on the Grand Parade with Christmas markets and the illumination of Bishop Lucey Park attracted 150,000 attendances during December.

Bliain an Léitheora Leanúnaigh i Leabharlanna Cathrach Chorcaí

I 2009 thug Leabharlanna Cathrach Chorcaí duais dá léitheoirí – na daoine a fhaigheann leabhair ar iasacht agus a bhaineann úsáid as áiseanna leabharlainne eile ar bhonn seachtainiúil nó laethúil fiú – i bhfoirm clár bliana chun léitheoireacht a chur chun cinn ina cuid éagsúlachta go léir, agus chomh tábhachtaí céanna, chun buíochas a ghabháil leis na léitheoirí féin. Chuir leabharlanna fáilte roimh roinnt de na hainmneacha is cáiliúla sa scríbhneoireacht i rith 2009 - Joseph O'Neill, a ainmníodh a úrscéal dar teideal *Netherland* mar cheann de na leabhair ar fearr leis an Uachtarán Obama, Jan Morris, ceann de na scríbhneoirí taistil is mó cáil ar domhan, Michael Holroyd, Val McDermid agus údair eile – ach bhí i bhfad níos mó i gceist leis an mBliain, le comórtais, duaiseanna, babhtáil leabhar, clubanna leabhar nua agus a thuilleadh.

Críochnú tionscadail chaipitil éagsúla

Críochnaíodh an chuid de Shiúlóid Bhruacha na Laoi ó Dhroichead Thomas Davis go dtí Goirt na Laoi, osclaíodh Pháirc Scátála na Mairdige agus cúirteanna leadóige agus cispheile Pháirc na Claise Duibhe, agus cuireadh díon nua ar Linn Snámha na Dúghlaise.

Féilte/Imeachtaí

Bhí Féile Naomh Pádraig ar siúl thar 3 lá i Márta

2009, ag mealladh níos mó ná 70,000 duine. Bhí imeachtaí d'Fhéile Tine Naomh Eoin ar siúl i roinnt láithreacha ar fud na cathrach ar 23ú Meitheamh. Ar an Oíche Chultúrtha a bhí ar siúl ar 24ú Meán Fómhair d'óstaigh 52 láthair níos mó ná 20,000 cuairteoir cultúrtha ar leith. Mealladh tinreamh 150,000 duine i rith na Nollag ag Ceiliúradh na Nollag ar Shráid an Chapaill Bhuí le margaí na Nollag agus soilsiú Pháirc an Easpaig Uí Luasa.

Mardyke Walk Improvement Scheme

The upgrading and refurbishment of Mardyke Walk to provide a high quality amenity was completed in 2009. The scheme involved the construction of new footpaths and the provision of a distinctive red stone finish to the carriageway along the full length of the Mardyke. This emphasis on a shared surface was complemented by the lighting design using white light sources to improve colour rendering of the red road surface and tree lined setting. Attractive energy efficient lanterns with very high quality cast iron and steel columns and brackets manufactured by NERI were selected especially for the scheme. The lighting scheme incorporates full monitoring and control to provide dimming to achieve additional energy saving using electronic control gear manufactured in Ireland. The success of the Mardyke Walk now represents one of the most attractive amenities for walking and cycling close to the city centre in a setting that also reflects its unique heritage value in Cork.

Public Lighting and Traffic Signal Account Transfer to Green Energy

The Traffic Division and the Energy Office collaborated on the work associated with putting the supply of energy out to tender in 2009. Cork City Council was the first urban authority to introduce green (100%) renewable energy supply for both the city's unmetered public lighting as well as for all its traffic signal

installations. The switch from ESB to Energia will lead to substantial savings for Cork as well as for the environment, and is consistent with the city's policy and drive towards more sustainable and efficient energy usage. The opportunity to tender for electricity was facilitated by the fact that the Traffic Division had already implemented an accurate data base of street lighting equipment and that systematic updating of electrical loads is communicated directly to the Unmetered Accounts Register by Cork City Council.

The energy transfer with Energia involves provision of green electricity to power the city's 14,000 public lights along with the 250 traffic signal installations. This is the energy required to power over 1,800 homes per year. The switch from conventional power generation to green power will result in an annual reduction of over 5,000 tonnes of carbon dioxide. Savings directly resulting from the Energia account of over a €1Million, will amount to €116,000 annually, including €16,000 savings for traffic signals.

Cork City Council has also led the way in both trialing and implementing state-of-the-art public lighting monitoring and control, employing sophisticated wireless roadside controllers for light dimming along with automatic lamp monitoring. Savings of the order of 30% in energy usage and reduced carbon emissions have been achieved compared to conventional lantern control for street lighting.

Scéim um Fheabhsú Siúláin na Mairdige

Cuireadh uasghrádú agus athchóiriú Siúláin na Mairdige i gcrích i 2009 chun conláiste ardchaighdeán a chur ar fáil. Bhí tógáil na gcosán nua agus an soláthar d'aghaidh cloiche dearg sainiúil ar an gcarrbhealach le hais fad iomlán na Mairdige i gceist leis an scéim. Rinneadh an bhéim seo ar dhromchla roinnte a chomhlánú ag dearadh soilsithe ag baint úsáide as foinsí soilse bán le clúdach daite dhromchla an bhóthair dearg agus an suíomh crann-teoranta a fheabhsú. Roghnaíodh lóchrainn tarraingteacha atá éifeachtach ó thaobh fuinnimh de le hardchaighdeán iarainn teilgte agus colúin agus bracanna cruach arna dhéanamh ag NERI go speisialta don scéim. Cuimsítear sa scéim soilsithe monatóireacht agus rialú iomlán chun ísliú a chur ar fáil d'fhonn coigilt fuinnimh bhreise a bhaint amach trí mheán trealamh um rialú leictreonach déanta in Éirinn a úsáid. Seasann rath Shiúláin na Mairdige do cheann de na conláistí is tarraingtí anois do shiúlóidí agus rothaíocht cóngarach do lár na cathrach i suíomh a léiríonn a luach oidhreacht uathúil i gCorcaigh chomh maith.

Aistriú Cuntais an tSoilsithe Poiblí agus Soilse Tráchtacha go Fuinneamh Glas

D'oibrigh an Rannóg Tráchtacha agus an Oifig Fuinnimh le chéile ar an obair a bhí bainteach leis an soláthar fuinnimh a chur ar thairiscint i 2009.

Ba í Comhairle Cathrach Chorcaí an chéad údarás uirbeach a thug fuinneamh glas (100%) inathnuaite ar fáil do shoilsiú poiblí neamh-mhéadraithe na cathrach i dteannta lena suiteálacha soilse tráchtacha go léir. Leis an athrú ó BSL go Energia beidh coigiltis mhór le feiceáil ag Corcaigh agus don chomhshaol chomh maith, agus tá sé seo i gcomhréir le beartas agus iarracht na cathrach chun úsáid fuinnimh níos éifeachtaí agus níos inbhuanaithe a bhaint amach. Rinneadh an deis chun tairiscint a chuir isteach ar leictreachas a éascú toisc go raibh an Rannóg Tráchtacha tar éis bunachar sonraí cruinn den

trealamh soilsithe sráide a chur i bhfeidhm cheana agus go ndéantar nuashonrú córasach d'ualaigh leictreacha a chur in iúl go díreach do Chlár na gCuntas Neamh-mhéadraithe ag Comhairle Cathrach Chorcaí.

Tá soláthar fuinnimh ghlas i gceist leis an aistriú fuinnimh le Energia d'fhonn cumhacht a thabhairt don 14,000 solas poiblí sa chathair i dteannta leis an 250 suiteáil soilse tráchtacha. Is ionann é seo agus an fuinneamh atá ag teastáil chun cumhacht a thabhairt do níos mó ná 1,800 teaghlach in aghaidh na bliana. Tiocfaidh laghdú bliantúil de níos mó ná 5,000 tonna dé-ocsaíd charbóin chun cinn de bharr an aistrithe ó ghiniúint cumhachta gnásúil go cumhacht glas. Beidh líon na gcoigilteas a thiocfaidh chun cinn díreach de bharr an chuntais Energia os cionn €1Milliún, cothrom le €116,000 in aghaidh na bliana, lena n-áirítear coigilteas €16,000 do shoilsiú tráchtacha.

Bhí Comhairle Cathrach Chorcaí ar thús cadhnaíochta chomh maith maidir le triail a bhaint as monatóireacht agus rialú ar shoilsiú poiblí den scoth agus é a chur i bhfeidhm, ag baint úsáide as rialaitheoirí gan sreang sofaisticiúla d'íslíú soilse i dteannta le monatóireacht uathoibríoch ar lampaí. Baineadh amach coigiltis de beagnach 30% in úsáid fuinnimh agus astuithe carbóin laghdaithe i gcomparáid le rialú ar lóchrainn gnásúla do shoilsiú sráide.

Boardwalk and Kiosks on Grand Parade

The completion of the boardwalk and the Kiosks associated with the Grand Parade Renewal Scheme were all completed in 2009. The public and visitors to Grand Parade now enjoy the benefits of the improved pedestrian access which was in place for the 2009 Christmas shopping period and each of the very successful 'Festival Markets' located on the Boardwalk and along the full length of Grand Parade. The completion of the Boardwalk and modern style Kiosks have enhanced the extension of an Award Winning city centre renewal scheme to Grand Parade. It is evident that the completion of the Grand Parade Scheme, Kiosks and Boardwalk improves accessibility and already draws more people to this distinctive quarter on a very attractive section on the River Lee in the city centre.

Cuireadh críochnú an chlárchosáin agus na mBothanna atá bainteach le Scéim Athnuachan Shráid an Chapail Bhuí go léir i gcrích i 2009. Anois is féidir leis an gcomhphobal agus cuairteoirí chuig Sráid an Chapail Bhuí taitneamh a bhaint as rochtain níos fearr do choisithe a bhí i bhfeidhm do thréimhse siopadóireachta na Nollag 2009 agus gach ceann de na ‘Margaí Féile’ an-rathúil a bhí suite ar an gClárchosán agus le hais fad iomlán Shráid an Chapail Bhuí. Tá críochnú an Chlárchosáin agus na mBothanna nua-aimseartha tar éis feabhas a chur ar shíneadh na scéime um athnuachan lár na cathrach atá ina Buaiteoir Duaise do Shráid an Chapail Bhuí. Is léir go gcuireann críochnú Scéim Shráid an Chapail Bhuí, Bothanna agus Clárchosán feabhas ar rochtain agus tá sé tar éis níos mó daoine a tharraingt cheana féin chuig an ceathrú sainiúil seo ar rannóg an-tarraingteach d’Abha na Laoi isteach i lár na cathrach.

H4 Traveller Accommodation

Total number of traveller families accommodated as a percentage of the targets set in the local traveller accommodation programme:

54.55

We are working to the Traveller Accommodation Programme 5 year cycle and the success in housing Traveller families in previous years meant that we had difficulties in 2009 in achieving our target for that year for the following reasons:

Many families remaining on our waiting list have given us very restricted geographic areas of preference often in areas where we have the fewest properties. Already in 2010 we have succeeded in housing more families than in 2009 and we are hoping to exceed our target to redress the performance in 2009. A final factor is that Cork City Council is currently working on a group housing scheme for 12 families in the north west area of the city. These families have committed to this scheme and when this scheme is completed the 12 families thus housed will reflect on the figures over the 5 years of the programme.

Táimid ag obair faoi réir chigial 5 bliana an Chláir Chóiríochta don Lucht Siúil agus de bharr an ratha i ndáil le cóiríocht a sholáthar do theaghlaigh de chuid an lucht siúil sna blianta roimhe seo bhí roinnt deacrachtaí againn i 2009 maidir lenár sprioc don bhliain sin a bhaint amach ar na cúiseanna seo a leanas:

Tá go leor teaghlach ar ár liosta feithimh tar éis roghanna ceantair atá teoranta go maith ar bhonn geografach a thabhairt dúinn, go minic i gceantair leis an líon is lú maoine. Cheana féin i 2010 d'éirigh linn cóiríocht a sholáthar do níos mó teaghlaigh ná an bhliain 2009 agus táimid ag súil lenár spriocanna a sháru chun feidhmíocht 2009 a chúiteamh. Fachtóir deiridh is ea go bhfuilimid ag obair faoi láthair ar Ghrúpscéim Thithíochta le haghaidh 12 teaghlach i gceantar thiar thuaidh na cathrach. Tá na teaghlaigh seo tiomanta don scéim seo agus nuair a bheidh an scéim comhlíonta beidh tionchar ag an 12 teaghlach úd a fhaigheann cóiríocht ar na figiúirí de chuid 5 bliana an Chláir.

Corporate Plan 2004-2009

Annual Progress Report 2009

Cork City Council's Corporate Plan 2004 - 2009 was adopted by the City Council at its meeting of 22nd November 2004. Following on from the Corporate Plan, each section develops annual Operational Plans to implement the actions set out in the Corporate Plan.

The following report outlines the progress made by the main service providers during 2009 in achieving the targets set out in the Plan.

HOUSING AND COMMUNITY

Under the Housing Construction Programme a total of 1854 units (including House purchases) were completed by 31st of December 2009, with 218 units completed and a further 362 units under construction at the end of 2009.

The voluntary sector provided 73 units in 2009 with a further 80 units under construction. Targets as set out under the Affordable Housing Scheme are progressing well, and in 2009 a total of 172 units were completed, with a further 261 units under construction.

In relation to regeneration, work is continuing on Block D of the Knocknaheeny Regeneration Project and on the development of the new Town Centre which is due for completion in July 2010. The first elements of the community facilities, including the new Area Housing Office will be operational in early 2010. The Knocknaheeny Masterplan is currently under review by the NBA and when completed will allow for the continuation of the overall Regeneration Scheme.

The Glen Regeneration Project is continuing. The Enabling Works which comprised of work to existing gardens and boundaries together with new services and upgrading of existing services is due for completion in February 2010.

Major schemes for the refurbishment of the Sunvalley Drive and Cushing Flat complexes continued in 2009 and plans were brought forward for other remedial and refurbishment improvements to stock.

The Department of the Environment scheme for grant aid to Local Authorities in relation to installation of central heating to housing stock was terminated in

2009. Under this scheme approximately 200 new installations were completed in 2009. The progress in 2009 represents a continuation of the level of installations achieved in previous years and brings the total number of installations under the DOEHLG scheme from 2004 to 2009 to approximately 2,350 at a total cost of €15.5m.

In addition, programmes for the servicing of central heating boilers and the installation of attic insulation to houses with inadequate or no insulation also continued in 2009.

In 2009, a review of homeless services in Cork was undertaken by Murtagh & Partners and the recommendations of this review will form the basis of the work for the Homeless Forum going forward. The review takes account of the aims and objectives of the new Government Strategy for Homelessness which was launched by the Department of the Environment, Heritage and Local Government in 2008. 2009 also saw the inclusion of Sophia Housing Association and Focus Ireland in the Homeless Forum.

In 2009, Pobal funding was accessed on behalf of the Homeless Forum to provide for a support worker to meet the needs of non Irish Nationals who are availing of homeless services.

The Cork Foyer in Blackpool also accessed Pobal funding and a horticulturist has been employed to provide a gardening programme for service users. A children's play park was opened at the Foyer for use by the community at large.

2009 saw the opening of a new facility at Douglas Street which provides accommodation and crèche facilities and is targeted at those who wish to continue in education. The project has been set up in conjunction with Cork City VEC.

ENVIRONMENT

Further progress was made in 2009 in the implementation of the Water Services Investment Programme. This included completion of the Tivoli water scheme which provided a new mains connection from Glashaboy to Tivoli.

The following capital projects were advanced-Lee Road plant upgrade, Inniscarra-Lee Road interconnector, Rising Mains replacement, docklands water scheme, conservation scheme and low/intermediate reservoirs upgrade.

The Council completed a new Assessment of Need for consideration by the DOEHLG in the context of the investment programme for the period 2010-2012. During 2009, the Council also made use of the Drinking Incident Response Plan which was drafted earlier in the year. This plan supported the Councils response to the disruption to water supplies as a result of the November Flooding. With the assistance of the Fire service, Civil Defence, Army, Navy, Gardai, HSE and others the Council provided emergency supplies of drinking and sanitary water for a period of almost two weeks.

Progress made in leak detection/ water conservation was somewhat undermined by the damage arising from extensive rerouting necessitated by the November flooding.

Circa 98% of the charges levied for water services were based on metered use in accordance with the Government's Water Pricing Policy. Receipts for non domestic water supplies declined over the year largely due to reductions in consumption and prompt attention to customer leaks.

The Cork Main Drainage Scheme ensures that waste water from the City is collected and treated in accordance with the requirements of the Urban Waste Water Directive. In excess of 100,000 cubic metres of waste water are now treated on a daily basis prior to final discharge in the upper harbour. It is expected

that most of the financial and contractual arrangements in relation to the scheme will be completed in 2010.

During the year a discharge licence was issued for Carrigrennan Waste Water Treatment Plant by the EPA under the provisions of the Waste Water Discharge (Authorisation) Regulation. The plant continues to perform satisfactorily in treating waste water from the City and surrounding areas.

In 2009 the City Council also assisted the Office of Public Works in relation to the flood relief study which is being undertaken for the Cork area. By year end the final report from the OPW was largely complete and scheduled for publication in early 2010. The publication of the report is timely in view of the significant flooding which occurred in the City in November.

The Councils refuse service was availed of by over 29,000 domestic and commercial customers. The scale of the Councils refuse operation has reduced in recent years. This is related to ongoing market fragmentation associated with the increase in the number and scale of private operators. The Councils service has been the subject of ongoing change in line with these developments and the requirements of the local Waste Management Plan and evolving legislation.

In addition to kerbside collection the Council also provides a range of further services including bottle banks and civic amenity sites, hazardous waste collections, support for community clean ups, waivers for people in need, timber recycling services, composting facilities, free take back of electrical goods, landfill facilities, education/ awareness initiatives etc. Approx 7,000 tonnes of dry recyclable material were recovered during 2009 and a further 11,500 tonnes of material was diverted from landfill through the Councils bring bank network, Civic Amenity Site and timber /green waste recovery facilities.

Landfilling ceased at the Kinsale Road and arrangements made for final capping and future management of the site. It is expected that the final capping contract will be tendered and commenced in 2010. Arrangements have been made for disposal of City waste at Youghal landfill in the first instance and

COMHSHAOL

Rinneadh tuilleadh dul chun cinn i 2009 ar Chlár Infheistíochta na Seirbhísí Uisce a chur i bhfeidhm. D'áirigh sé seo scéim uisce Tivoli a thabhairt chun críche, scéim a sholáthair nasc nua príomhlíne ón nGlaise Bhuí go Tivoli.

Rinneadh dul chun cinn ar na tionscadail chaipitil seo a leanas freisin – uasghrádú Bhóthar na Laoi, Idirnascaire Inis Cara-Bhóthar na Laoi, athsholáthar Príomhlínte Uisce, scéim uisce na nduganna, scéim chaomhnaithe agus uasghrádú taiscumar íseal/idirmheánach.

Chuir an Chomhairle Measúnú Riachtanas nua i dtoll a chéile a bhí le meas ag an RCORÁ i gcomhthéacs an chlár infheistíochta don tréimhse 2010-2012.

I rith 2009, bhain an Chomhairle úsáid as an bPlean Freagartha um Theagmhas Óil a dréachtaíodh níos túisce sa bhliain. Thacaigh an plean seo le freagra na Comhairle don chur isteach ar sholáthairtí uisce mar thoradh ar Thuilte na Samhna. Le cabhair ón tSeirbhís Dóiteáin, Cosaint Shibhialta, an tArm, an Cabhlach, An Garda Síochána, Feidhmeannacht na Seirbhíse Sláinte agus dreamanna eile, sholáthar an Chomhairle soláthairtí éigeandála uisce óil agus sláintíoch ar feadh coicíse beagnach.

Cuireadh bac ar an dul chun cinn a rinneadh ar bhrath sceith uisce / caomhnú uisce de thoradh an damáiste a rinneadh mar gheall ar an atreorú ar fad a bhí riachtanach i ndiaidh thuilte na Samhna.

Bhí thart ar 98% de na táillí a gearradh le haghaidh seirbhísí uisce bunaithe ar úsáid mhéadraithe de réir Bheartas Praghsála Uisce an Rialtais. Laghdaigh fáлтаis le haghaidh soláthairtí uisce neamhthráchtála le bliain anuas de thoradh laghdú ar thomhaltas agus déileáil go tapa le sceith uisce ar bith a tuairiscíodh. Cinntíonn Príomhscéim Draenála Chorcaí go mbailítear agus go gcóireáiltear fuíolluisce na Cathrach de réir riachtanais na Treorach Fuíolluisce Uirbí. Tá breis agus 100,000 méadar ciúbach fuíolluisce anois á chóireáil go laethúil roimh dhoirteadh deiridh isteach in uachtar an chuain. Táthar ag súil go gcuirfear críoch le formhór na socrúithe airgeadais agus conarthacha i ndáil leis an scéim seo i 2010.

I rith na bliana, d'eisigh an Ghníomhaireacht um Chaomhnú Comhshaoil ceadúnas doirte le haghaidh Ionad Cóireála Fuíolluisce Charraig an Ghrianáin faoi fhorálacha an Rialacháin um Dhoirteach Fuíolluisce (Údarú). Tá an t-ionad ag leanúint ag feidhmiú go

sásúil i ndáil le fuíolluisce ón gCathair agus ó cheantair máguaird a chóireáil.

I 2009, chabhraigh an Chomhairle Cathrach le hOifig na nOibreacha Poiblí le staidéar ar fhaoiseamh tuile atá ar bun i gceantar Chorcaí. Faoi dheireadh na bliana bhí an tuarascáil deiridh ó Oifig na nOibreacha Poiblí beagnach críochnaithe agus réidh le foilsiú go luath i 2010. Tá foilsiú na tuarascála seo tráthúil go leor i bhfianaise na dtuilte suntasacha a tharla sa Chathair i mí na Samhna.

Bhain os cionn 29,000 custaiméir teaghlaigh agus tráchtála úsáid as seirbhís bhailiú bruscair na Comhairle. Tá laghdú tagtha ar scála scéim bhailiú bruscair na Comhairle le blianta beaga anuas. Baineann sé seo le roinnt leanúnach an mhargaidh atá bunaithe ar mhéadú ar líon agus ar scála na n-oibreoirí príobháideacha. Bhí seirbhís na Comhairle faoi réir athrú leanúnach ar aon dul leis na forbairtí seo, riachtanais an Phlean Bainistíochta Dramhaíola áitiúil agus reachtaíocht atá á forbairt i láthair na huaire.

Le cois bruscar a bhailiú ag an gcosán soláthraíonn an Chomhairle seirbhísí eile lena n-áirítear bainc bhuidéal agus ionaid fóntas poiblí, dramhaíl ghuaiseach a bhailiú, tacú le seisiúin ghlantacháin pobail, tarscaoileadh do dhaoine i mbaoil, seirbhísí athchúrsála adhmaid, áiseánna múirínithe, deis fáil réidh le hearraí leictreacha saor in aisce, áiseánna líonta talún, tionscnaimh oideachais / feasachta s.r.l. Bailíodh thart ar 7,000 tona d'ábhar tirim in-athchúrsáilte i rith 2009 agus coimeádadh 11,500 tona breise d'ábhar ó líonadh talún trí ghréasán banc 'fág anseo' na Comhairle, Ionad Fóntas Poiblí agus áiseánna aisghabhála adhmaid /ábhair ghlais.

Cuireadh deireadh le líonadh talún ar Bhóthar Chionn tSáile agus tá socrúithe ar bun do bharrchaidhpeáil agus bainistíocht an tsuímh amach anseo. Meastar go gcuirfear conradh na barrchaidhpeála ar tairiscint i 2010 agus go gcuirfear tús leis gan mórán moille. Tá socrúithe déanta chun dramhaíl na Cathrach a dhiúscairt ag áis líonta talún Eochaille ar dtús agus ansin ag áis líonta talún nua réigiúnach ag Cnocán an Bhuidéil.

I rith 2009, lean an Chomhairle leis an bPlean Bainistíochta Bruscair a chur i bhfeidhm. I rith na bliana ba iad na príomhthionscnaimh a forbraíodh leathnú na seirbhíse bhailiú earraí buile agus cuireadh leis an ngníomhaíocht a bhí ar bun sa réimse forfheidhmiúcháin. Tá an Chomhairle ag leanúint ag tacú le gníomhaíocht pobail sa chath i gcoinne bruscair trí Scéim na nDeontas Pobail. Cuireadh leis

thereafter at the new regional landfill at Bottlehill.

During 2009 the Council continued its implementation of the Litter Management Plan. Key initiatives progressed during the year include the extension of the bulky goods collection service and increased enforcement activity. The Council continues to encourage local community action in the fight against litter through the Community Grants Scheme. Enforcement activity has been augmented through the introduction of CCTV cameras in areas which have been subjected to flytipping.

The Lifetime Lab staff continued to attract high numbers of visitors (circa 16,000 per annum) for its various programmes. The Energy Agency provided valuable assistance in relation to the Councils energy requirements and the development of the Councils Climate Change Strategy.

PLANNING & DEVELOPMENT

The new Cork City Development Plan 2009 – 2015 was completed and adopted by the City Council in April 2009. It incorporates the CASP update strategy for the Greater Cork Area and joint Cork City and County Retail and Housing Strategies. Variation No 1 of the Plan was adopted later in 2009 to incorporate the Farranferris Local Area Plan.

The Farranferris Local Area Plan was adopted in July 2009 and a draft Action Plan for the South Parish was prepared and circulated for public consultation. Work commenced on an Action Plan for Blackpool Village and a Local Area Plan for North Blackpool. A Development Brief was prepared for the South Docks District Centre. Input was also made into the preparation of the Regional Planning Guidelines.

Other achievements during the year included:

- 10 Heritage Plan Actions were completed, so that overall, 31 out of a total of 47 Heritage Plan Actions have been completed to date.
- Cork Heritage Open Day was held on Saturday 29th August, 2009. Over 5,000 people visited 34 buildings which were open to the public.
- Conservation grants of €134,000 were paid out in respect of 26 structures.

- The Cork Economic Monitor was produced in the Spring and the Autumn.
- An archaeological lecture series was held in the City Library and was very well attended.
- A Medieval celebration was held in Bishop Lucy Park during Heritage Week to celebrate Walled Towns Day.

The Planning and Development Directorate made decisions on 585 planning applications during 2009 of which 86% were decisions to grant permission, and have been pro-active in meeting prospective applicants for pre-planning consultations. The significant recently permitted retail developments in the city centre at Patrick Street, Academy Street, Half Moon Street and Cornmarket Street incorporating some 1/2 million square feet of new retail floorspace were all completed by 2009 and have contributed greatly in revitalising the central area as well as strengthening the role of Cork City as a regional shopping destination.

Significant applications considered during 2009 include major office developments at Albert Quay, Private Hospitals at both Lancaster Quay and Mahon, mixed use developments at Andersons Quay, Mahon and Blackpool. An application for a major re-development of the Wilton Shopping Centre was also received and is under consideration as are proposals for the vacant Brooks Haughton site at South Terrace/Copley Street.

The Development Contribution Scheme, adopted in January 2004, yielded €4m in 2009. These contributions are applied to service current and future development in Cork City and are ring-fenced for capital works.

Increased activity in the Planning Enforcement section has resulted in compliance being achieved through negotiation in many cases, or via successful prosecutions for failure to comply with planning legislation. As a result there is a greater awareness of the necessity to comply with the planning code.

an ngníomhaíocht forfheidhmiúcháin trí cheamaraí slándála TCI a shuiteáil in áiteanna a raibh deacracht le diúscairt mhídhleathach iontu.

Thug líon mór cuairteoirí cuairt ar an Lifetime Lab (thart ar 16,000 sa bhliain) chun súil a chaitheamh ar na cláir éagsúla a bhí á soláthar. Thug an Ghníomhaireacht Fuinnimh go leor cúnamh le riachtanais fuinnimh na Comhairle agus le forbairt Straitéis um Athrú Aeráide na Comhairle.

Ullmhaíodh Treoir Forbartha do Lár Cheantar na nDuganna Theas. Bhí baint acu freisin le hullmhú na dTreoirlínte Pleanála Réigiúnacha.

I measc éachtaí eile i rith na bliana bhí:

Thuill an Scéim do Ranníocaíocht Forbartha, ar glacadh léi i mí Eanáir 2004, €4 milliún i 2009. Úsáidtear na ranníocaíochtaí seo ar fhorbairt seirbhíse reatha agus ar fhorbairt a dhéanamh amach anseo i gCathair Chorcaí agus tá siad imfhálaithe d'oibreacha caipitiúla.

Chiallaigh an méadú a tháinig ar ghníomhaíocht sa Roinn Forfheidhmiúcháin Pleanála go rabhtas in ann comhlíonadh a bhaint amach trí idirbheartaíocht ina lán cásanna, nó trí leas a bhaint as ionchúisimh i gcásanna nár comhlíonadh leis an reachtaíocht pleanála. Dá thoradh seo, tá tuiscint níos fearr ag daoine ar an riachtanas atá ann an cód pleanála a chomhlíonadh.

Corporate Plan 2004-2009

Annual Progress Report 2009

CONCLUSION

The redevelopment of Cork Docklands is a key project for the city and one of the core elements contained in the Cork Area Strategic Plan (C.A.S.P.) and the Cork City Development Plan 2009-2015. The redevelopment of the area is seen as a key factor in the growth of Metropolitan Cork and the Cork Gateway. The first major planning application in the South Docks area was granted permission in March 2009 at the former Ford's distribution Centre in Centre Park Road. The application proposed the development of an Events centre, a hotel, part of the proposed Neighbourhood Centre and a number of mixed commercial/residential schemes. A second large application was granted permission in May 2009 for the R & H Hall site on Kennedy Quay. Consultants were sought in 2009 for the design of the public realm/public spaces in Docklands.

Cork City Council was shortlisted for 2 Zurich LAMA Awards 2009, "Best use of External Communications" for its webpages www.corkcity.ie/news and "Best Eco-Friendly Building". The Zurich awards were created to honour exemplary projects within the community. They seek to generate recognition of the efforts, accomplishments and positive contributions of the individuals, companies and local government authorities who make these happen. At the awards ceremony held on January 24th, 2009 Cork City Council won the "Best Eco Friendly Building" category in respect of the newly built extension to the City Hall.

In 2009, Cork City Council was allocated funding of €425,548 under the National Disability Strategy 2009. This funding allowed the Council to continue with various projects to assist persons with disabilities. The housebound library service continues to be extremely popular and now serves all areas of the city 5 days a week. The city library also targeted two particular projects with the funding they received under the strategy, namely "Children and Teenagers who are visually impaired" and "Children and Young People with Autism and special learning difficulties. The funding also facilitated the continuation of disability awareness training and improved accessibility to City Council buildings and the external environment- dishing of footpaths, tactile paving and countdown-timer pedestrian crossings. Accessibility audits continued on our websites, and BrowseAloud is now available on all City Council websites.

I 2009 leithdháileadh maoiniú €425,548 do Chomhairle Cathrach Chorcaí faoi Straitéis Náisiúnta Míchumais 2009. Chiallaigh an maoiniú seo go raibh ar chumas na Comhairle leanúint le tionscadail éagsúla a raibh sé mar aidhm leo cabhrú le daoine faoi mhíchumas. Tá an-tóir ar an tseirbhís leabharlainne atá á cur ar fáil dóibh siúd atá gafa sa teach agus tá an tseirbhís ar fáil anois ar fud na cathrach, cúig lá in aghaidh na seachtaine. Lena chois sin, dhírigh leabharlann na cathrach ar dhá thionscadal ar leith leis an maoiniú a fuair siad faoin straitéis, b'iad sin “Children and Teenagers who are visually impaired” agus “Children and Young People with Autism and special learning difficulties”.
